

Resume

Cheddar

Software engineer · Montréal, QC · cheddarstack.ing · github.com/mchdeore

Summary

Software engineer building practical tools: local AI, MCP servers, and small systems you can host yourself. Looking for software roles where I own the code path from idea to something running.

Experience

Software Engineer — Your Company · 2024–Present · Montréal, QC

- Replace these bullets with real work. This file is the single source for the HTML resume and the PDF.

Projects

- **study-database-mcp** — Textbook + calculator MCP for reliable study help with an LLM.
- **Oasis** — Home-server search spec (private repo for now).
- **handwriting-tutor** — MCP handwriting tutor (private repo for now).

Education

Add school, degree, years.

Skills

TypeScript, Python, JavaScript, Docker, Git, Linux, MCP, local LLMs
